

CARGO LIFT

Introducing the Commercial RICON Cargo Lift™

A simple and effective
goods lifting solution
suitable for most
Light Commercial Vehicles.

Raising the standards
and offering you peace
of mind when it comes
to manual handling.

**THE INDUSTRY STANDARD FOR OVERALL
PERFORMANCE, RELIABILITY & VALUE**

Ricon's 40 years of experience in the passenger lift market has now been applied to the commercial market to produce one of today's most simple cost effective goods lifting solutions, suitable for fitment to most Light Commercial Vehicles.

Ricon's comprehensive quality control systems ensure that the same exacting standards of manufacture are reproduced time after time to deliver you the safety, quality and reliability synonymous with the Ricon name.

Ricon Cargo Lifts are designed to overcome the increasing concerns of lifting excessive weight loads by individuals. Working with the Health and Safety Executive guidelines and aims for manual handling, the Ricon Cargo Lifts are the perfect partner for all your non-passenger lifting requirements.

Compact and simple to operate, the innovative Cargo Lift design provides convenient loading and unloading in non-passenger applications, parcels and luggage, helping employers to meet their risk assessment and method statement requirements set out in the Management of Health and Safety at Work Regulations 1999.

CARGO LIFT

The RICON Cargo Lift™

- Easy operation and maintenance
- Non-intrusive space-saving footprint

Features:

- Stable non-skid one piece horizontal platform.
- Pendant hand control.
